

# UNLEASHING THE FULLNESS OF YOUR LEADERSHIP CALLING

with Guy Rodgers

Servant-leadership flourishes when we integrate the best “how-to’s” of leadership with spiritual maturity, emotional health and intelligence, and relational connectedness – what Rodgers refers to as the “how-be’s” of leadership.

## *Do any of these describe you?*

- You find yourself feeling alone and isolated.
- You’re having difficulty surmounting certain challenges and obstacles that are preventing you from moving forward in your leadership calling.
- You feel trapped in a “hamster wheel of performance,” driven by a fear of failure, as you ask yourself, “do I have what it takes?”
- Yet through it all, you deeply desire to live out the fullness of your leadership calling and explore ways to connect with other leaders who feel the same way.

## Vision

Flourishing Leadership, LLC, exists to see Christian leaders equipped, empowered and unleashed to live out the full, joyful, transformative potential of their identities and leadership callings.

*“C.S. Lewis wrote that there are no mere mortals. That’s because you and I, made in the image of God, are His glory. He fashioned you, endowed you with gifts and talents, and has a unique calling for you to be a servant-leader for His kingdom. My calling is to help you realize and live out all your potential to do so.”*
